SOUTHINGTON, CT — Residents next week are invited to two special film screenings of a poignant documentary about dementia and its impact on caregivers and those afflicted.

And, in the process, they will learn a thing or two about how the Southington community can have a more inclusive environment for those with cognitive impairment.

Find out what's happening in Southington with free, real-time updates from Patch.

The award-winning international 2024 documentary film "Human Forever" is coming to Southington for two special screenings.

Before the screening, attendees will be able to engage in a live discussion between experts and author, activist, and filmmaker Teun Toebe and Jonathan
